

What's Good about Sam RV Parks?

What's so good about Good Sam RV Parks? Plenty, if you enjoy saving money, making friends and taking advantage of members-only privileges.

Good Sam RV Parks grew from a tradition among RVers to help their fellows in distress. Based on this premise of kinship and goodwill, it has grown to become one of the biggest RV park networks in the United States. For information about membership and benefits, visit www.goodsamclub.com.

A Tradition of Serving RVers

The Good Sam Club began in 1966 with a group of RV owners who put Good Samaritan bumper stickers on their rigs, allowing fellow members to find help on the road. The idea of a small group of friends really took off. Good Sam members spread the word at RV parks and at club events, and soon everyone wanted to know how to get one of Good Sam's "smiling face" decals.

Today, the Good Sam Club goal remains the same: to make RVing safer and more enjoyable, and to help members save money through club-endorsed benefits and services. The Good Sam Club is now one million RVing families strong and it grows bigger every year. Members still have fun, still stop to help one another, and still meet their obligations to the environment, highways and park system.
